## Guidelines

- The exhibition area consists of four plexiglass-fronted bays, measuring 45" x 53.5" each.
- We strongly recommend exhibiting reproductions which can tolerate exposure to the outdoors, rather than originals. *The safety or return of works can not be guaranteed.*
- A statement describing the work's relationship to the Mission community must accompany the work.
- Established and emerging Mission artists are encouraged to apply.

The Plaza 16 Curatorial Board is sponsored by the Mission Community Council's Plaza 16 Affinity Group. The Group aims to transform Plaza 16 into a safe, beautiful and functional cultural commons through weekly activities, quarterly events and bi-monthly exhibitions.
